

**MINEMASTER®**

# Commander Series

# Commander Series

The MINEMASTER® Commander Series is a new class of underground personnel carrier designed from years of research and customer input. The Commander offers a comfortable and controlled ride without sacrificing payload capacity. Combined with low maintenance requirements and ground level service, the Commander is in a class of its own.

## STRONG POINTS

- + CANMET MSHA certified diesel engines
- + Heavy-duty C-channel frame design
- + 24V electrical system with CAN-BUS controller
- + 12 in. digital display with back-up camera
- + Walk-through operator compartment
- + 4-link suspension system with coil over shocks
- + High ground clearance
- + Protective operator guards
- + Non slip 3-point access on all entry points
- + Safety starting system

## Engine Options

- CANMET MSHA certified

### MERCEDES

- 121 hp

### CUMMINS

- 130 hp

## Operator Compartment

- OSHA compliant

## ROLL-OVER PROTECTION STRUCTURE (ROPS/FOPS)

(AS SHOWN)
